With 2,115 square feet of living space, 4 bedrooms and 2-1/2 baths, the Lancaster is a classic 2-story and fan favorite. The kitchen is the hub of household activities with a center island, stainless steel appliances, plus pantry for storage. Off the adjacent dining room is a sunroom, which expands the living and entertaining space. The oversized great room is comfortable for everyday as well as get togethers. Also on the first floor is a flex space that can serve as a home office or homework station. Upgraded hardware and an expanded basement with rough-in plumbing are additional features of this home.
