With 2,115 square feet of living space, 4 bedrooms and 2-1/2 baths, the Lancaster is a classic 2-story and fan favorite. The kitchen is the hub of household activities with a large center island, granite countertops, upgraded cabinetry, and a pantry. The oversized great room is comfortable for everyday activities as well as get togethers plus there's a separate dining room for more formal entertaining. Also on the first floor, which boasts nine-foot ceilings, is a flex space that can serve as a home office or homework station. This home has an expanded basement with 3-piece rough-in plumbing. Other upgrades are stained stair rails and painted spindles, and black fixtures.
